

Google Slides

Adding Images to a Slideshow

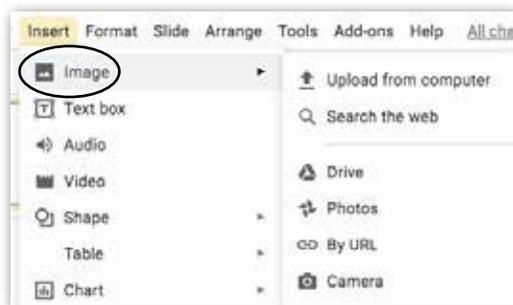

Step One:

In the main toolbar select Insert tab and then Image.

Step Two:

In the Image menu there are multiple options.

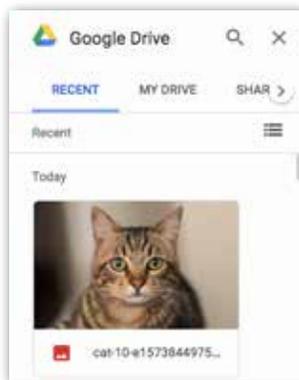

Upload from Computer:
Photos saved on your computer.

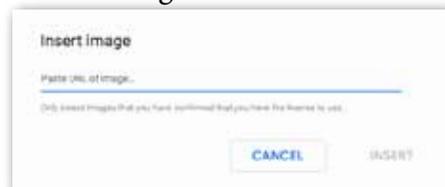

Search the web:
Free stock photos.

Drive/Photos:
Images saved
in your Google
Drive or Google
Photos account.

By URL:
Pull an image from a website.

Camera:
Take a photo with
device camera (if
available)

Step Three:

When you've found the image you wish to use select "insert".

Use the bounding box to quickly change the size of the image in the document.

TIP: Simultaneously hold down the Shift key to maintain proportions.
